Rapid Regeneration	✓	✗

Aquaguard
WATER SOFTENERS
Makes Hard Water Soft, Instantly!

KEY TECHNICAL SPECIFICATION

Product Name	AWS I-2500	AWS 5000	AWS 7500
Resin Volume (L)	25	50	75
Dimension (HxDxW) cm	112 x 20 x 20	122 x 30.5 x 30.5	137 x 33 x 33
Regeneration Type	Automatic	Automatic	Automatic
Max. Input Flow Rate (LPH)	2100	3000	4000
OBR (@500 ppm Hardness) (L)	2500	5000	7500
Input Working Pressure (kg/cm ²)	1.5 - 3	1 - 3	1 - 3

With Hard Water

With Soft Water

Fully Automatic Operation

Just set it and forget it.

Advanced Ionic Transfer Technology

Food grade certified softening media.

High Efficiency, Higher Savings

30% lower salt consumption.

Additional Power Packed Features

Flexible
Regeneration
Modes

Rapid
Regeneration
